# Proprietary Vetting Process For Third-Party Solutions

**HELPING COMPANIES FIND THE BEST FIT SOLUTION FOR THEIR COMPLEX ENVIRONMENT**

## HELPING YOU SIFT THROUGH THE NOISE

There are thousands of products in the industry today all vying for your attention. Technology doesn't seem to be the issue, it works. FocusPoint leverages decades of collective experience, to find the best fit for your company, budget, architecture, business need, integration process, etc. It's what we do best!

## BRINGING VALUE BACK TO THE MARKET

At FocusPoint Technologies we use a holistic approach. We focus on the processes, people, then product. We are not committed to any one vendor and thus are uniquely able to focus on the best solution for you (even if it means using something you already own). With the IT Department commonly understaffed, using FocusPoint Technologies as a resource is like hiring a team of IT professionals with complete dedication to your privacy/security program.

## WE OFFER A COMPLETE PORTFOLIO OF CYBER SECURITY PRODUCTS SUITABLE FOR YOUR ORGANIZATION ALIGNED WITH YOUR STRATEGY
